

## **Publicity Report 22 nd May 2026**

**Presentation dinner and evening photos** were taken by Greg Hurt of Wanaka who did a good job. About 38 photos were minimised by emailing to me, unfortunately lost some clarity. In future I will look into using a cloud file we can both access. People were directed to the website to access these photos as I considered it was doubling up using both Facebook and website. People already have been recognised on facebook.

### **Website**

In the last 30 days 311 unique users visited the presentation dinner photos. Many returned to the page.

### **Facebook**

I havent posted good luck to our CO bowlers off to the Australian Open. Omission is always a problem. If any do well I will certainly give out a cheer.

**Pauline Seaton** once again was the most popular post ever by CO Bowls with over 13K views. My first post using AI to generate the plane in the background.
